

Hello...  
my name is  
**Volpino.**   
I'm new here.

# This is my brother!

Why should such a beautiful series be limited to lounges? That is what Norbert Geelen must have thought when hearing about the market success of the series 8200 Volpe which was penned by him. Shortly thereafter, the idea sprang to him: the seat shell design of Volpe could serve as the foundation for the development of a new, complementary and most of all universally suited seating series — Volpino.

**Norbert Geelen**

Born in 1968, Norbert Geelen is an accomplished industrial designer in the world who believes that “uniqueness is created by innovation and a different perspective.” After having completed his training as industrial designer at the University of Essen, Norbert Geelen started freelancing at the Italian Studio Matteo Thun in Milan. Together with his partner Robert Kilders, he founded the design studio bert&bert in 1997. Since 2005, Norbert Geelen has been combing back and forth between his German office in Straelen and his Milan studio. He has specialized in furniture design, mainly high-quality seating and tables. He has been working with Kusch+Co since 2007.

## Volpe is the Italian word for fox

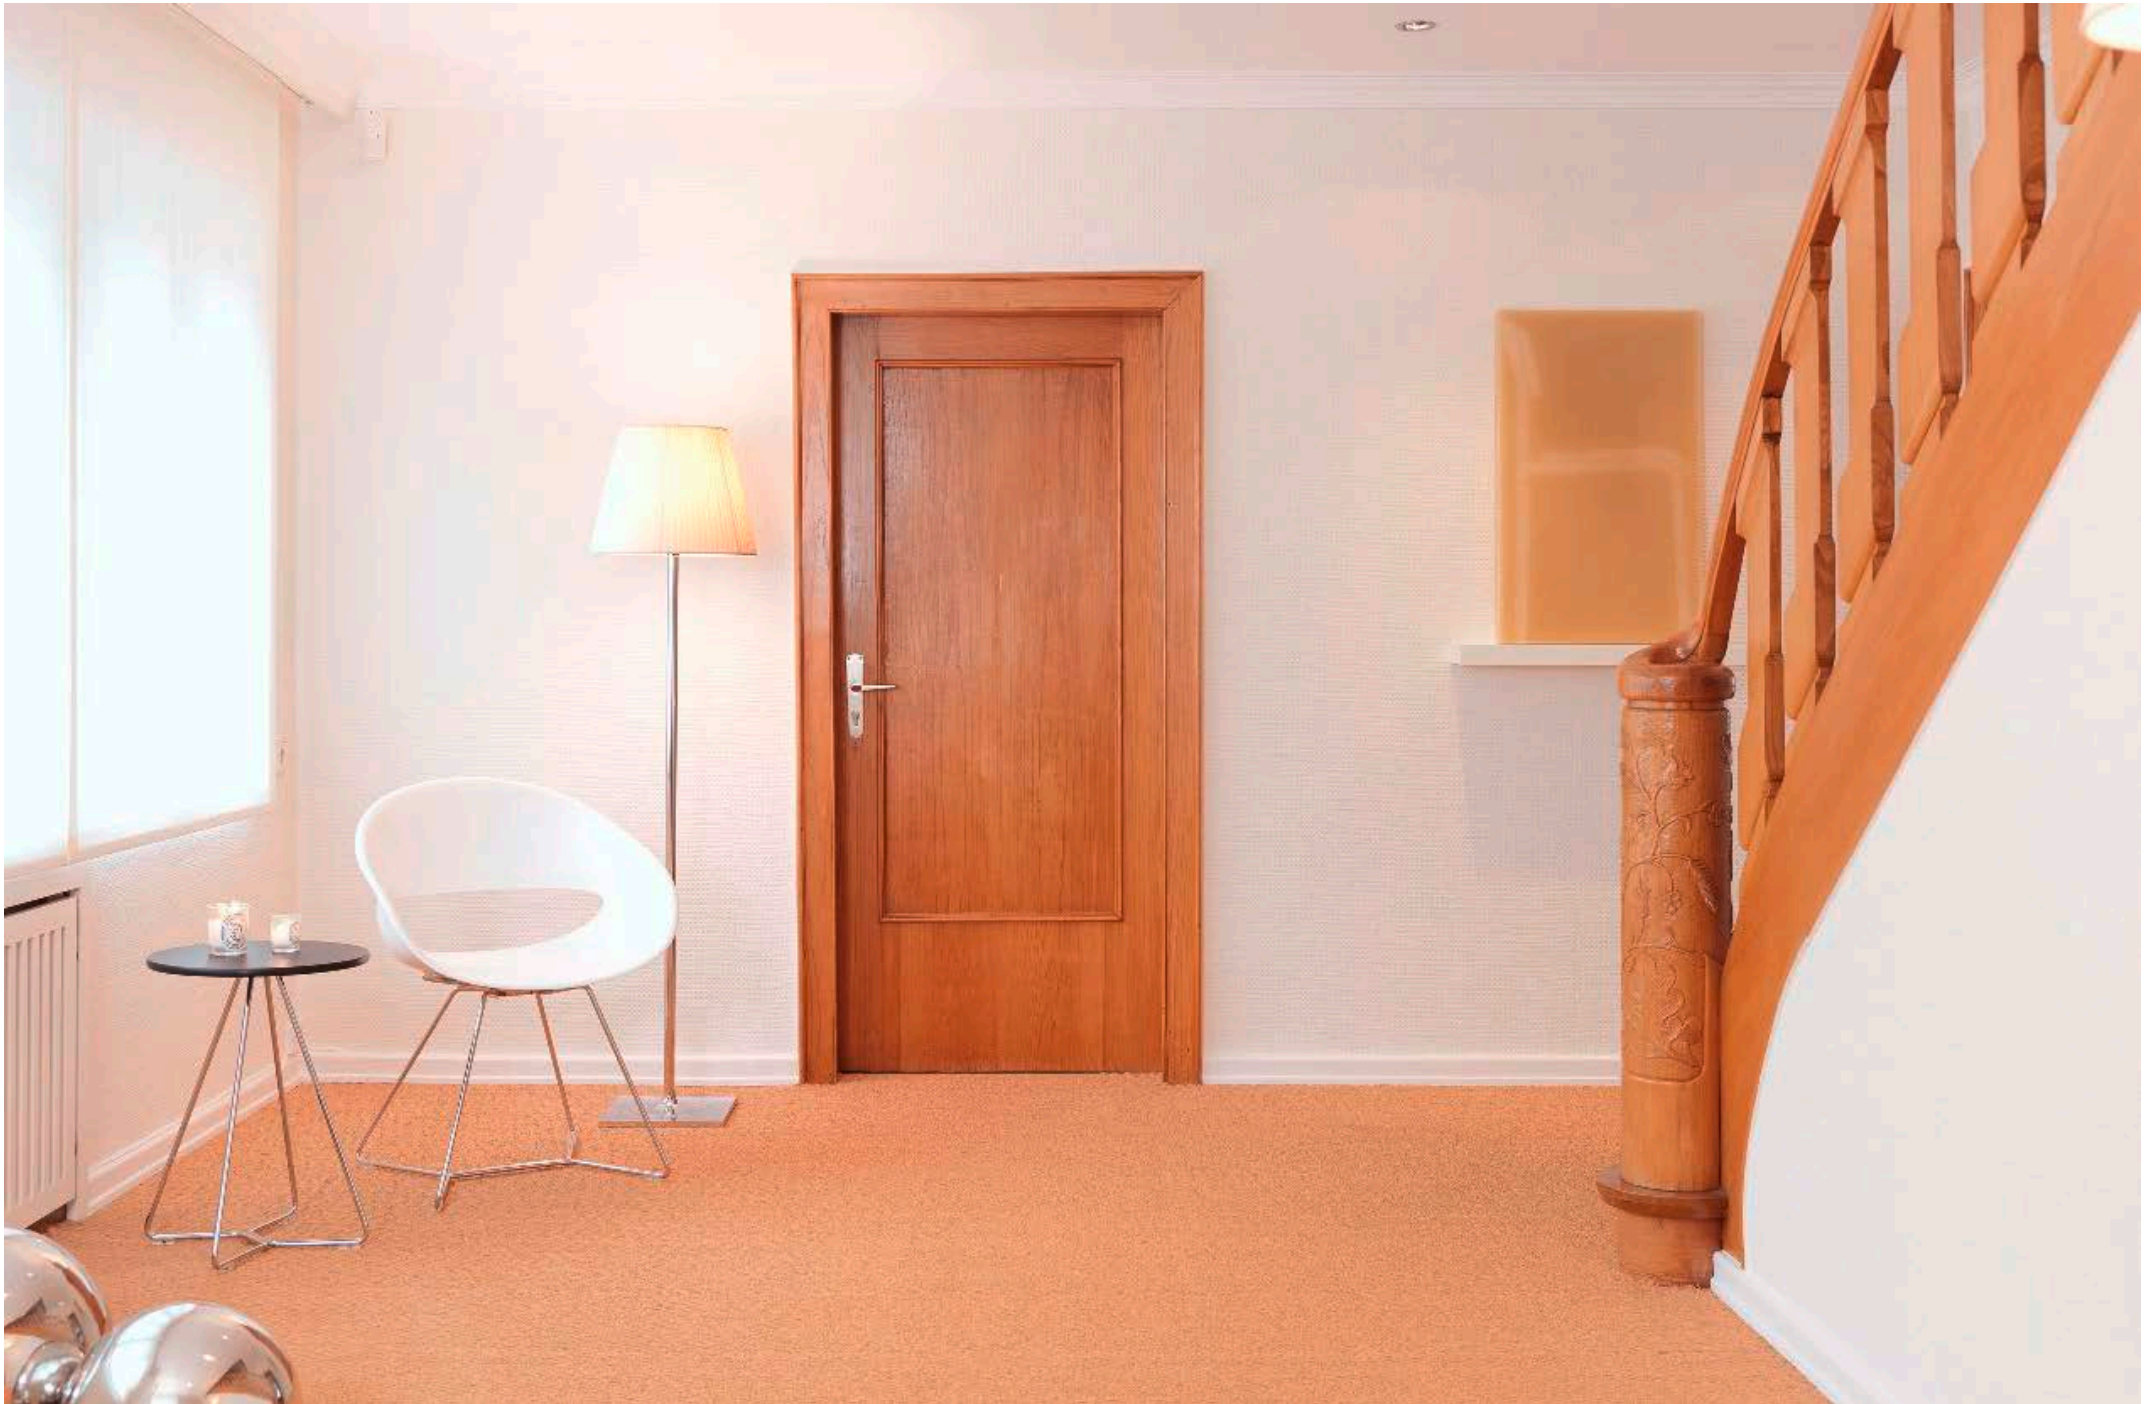

Series Volpino has its good looks from its big brother 8200 Volpe. Volpe is the Italian word for fox, Volpino is the diminutive form and can be translated as "little fox". In many cultures, the fox has a strong symbolic role in folklore, often depicted as a cunning and intelligent animal. The name is Well chosen, as this series is characterized by a "foxy" design language.

A chair for every office

# Competitiveness of Volpino

## **Polypropylene chair body**

High-strength polypropylene chair body ensures wear-proof, easy-to-clean-and-disinfect advantages.

## **Ergonomic design**

Excellent ergonomic design offers a wrapping feel of sitting, comfortable and safe.

## **Unique “smile” design**

The unique design creates lighthearted visual relaxation. It helps to get rid of heat and makes it easier to move and place it.

## **Fireproof**

It meets European standard, DIN EN 1021 part1 and part2, and British standard BS 5852 crib5. The white chair shell has even passed higher standard

## **Green environmental protection**

97 % of its total weight which will contribute to resource protection via reuse and recycling.

# Volpino with rich colors
