真正的美源自对细节的执着，于平凡中寻找不凡。不需要思考即可直观的感受她，这是我们希望呈现的设计。
D8于大气中尽显品质，在智能办公中体验运筹帷幄，感受尊荣操控。

True aesthetics are the result of dedication to every detail. Of stepping out of the ordinary but keeping the familiar. When you don't have to think about the proportions of a sideboard because you can just feel them - then it is quite possibly one of ours.- is as intensive and unique as the impression to the touch that they leave.

环保原材

D8从生产开始考虑对环境可能带来的影响，采用复合森林管理体系的木材，注重可持续发展。

Environmentally friendly raw material
