

# dONE

Intelligent design and manufacturing  
inspired by Luban's ruler

源于鲁班尺的智造

dONE的设计灵感来源于“鲁班尺”，  
导入了“八字”风水学原则来控制规划产品的尺寸。  
流畅设计，稳重大气，与空间和谐一体。

The design of dONE is inspired by "Luban's ruler",  
which introduced the "eight-character" fengshui principle to guide the  
size of planned product.  
dONE is smooth, steady, magnificent, and in perfect harmony with space.

## 台面采用胡桃木实木材质

dONE以纯实木台面打造，更能体现企业家，在  
经历创业期的艰辛、发展期的曲折、到企业真正  
发展沉淀后的一种沉淀、一种升华、一种气度从  
容的成功企业家的气度。

## 柜门柜体采用独特的浮雕结构

独特的浮雕结构吸附在柜体上，线条极简，工艺  
非凡。从外观来看，柜门完全与柜体没有连接，  
也看不出任何繁复的外在连接交叉结构。

## Real walnut table top

dONE is made of solid wood, which embodies the rich experience  
and poised manner of successful entrepreneurs who have started a  
business through hardships and gone through ups and downs  
during development before the business really takes off.

## Unique embossed structure of cabinet

A unique embossed structure is attached to the body of cabinet,  
which is made up of minimalist lines and processed with exceptional  
technology. From the appearance, there are no visible connections  
between the door and body of cabinet, or any complicated external  
connecting structure.

## 多种元素彰显卓绝气质

dONE班台采用高质量数码拉丝的铝板来做柜门和  
抽屉面，高品质的材质是真正彰显这个系列的高  
贵、低调的奢华的重要元素之一。同时，顺畅、静  
音的抽屉导轨系统，给高端客户真正的良好的产品  
适用体验。

## 完善的内置走线功能

无论是班台台面上的非常方便的强弱电的连接使  
用，还是侧柜内所准备的排插都处处体现了Matsu  
的贴心设计，周全的考量和预期一切在实用过程中  
可能出现的问题，细节体现品质。

## Sublime temperament manifested in multiple elements

High-quality digital brushed aluminum plate is adopted for the  
cabinet door and drawer front panel of dONE executive desk. Quality  
material is an important element that manifests the elegance and  
low-key luxury of this series. Meanwhile, smooth and silent drawer  
rail system provides high-end clients with genuine first-class  
product use experience.

## Perfect built-in cabling

From the convenient connection and supply of EL/ELV power on the  
top of executive desk to the power strip within the side cabinet, the  
thoughtful design of MATSU can be seen anywhere. MATSU makes  
thorough consideration and foresees all possible problems during  
use, thus reflecting product quality in each detail.

## 丰富的系统功能性

除标准的班台外，dONE不是单独存在的个体，  
会议桌、书架、背柜的多样性选择，丰富了此  
系列的多样性。

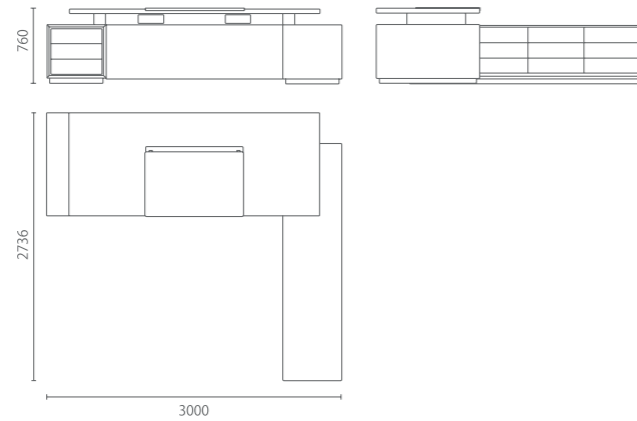

## Rich system functionality

In addition to standard executive desk, dONE also offers  
various Options for conference table, bookshelf and back  
cabinet, which improves the diversity of the series.
